

Have 3 minutes to spare?

You could help feed a hungry child this summer!

Lower Merion School District is working with faith-based organizations in our community to address food insecurity.

The Interfaith Task Force on Food Insecurity is collecting data to assess interest in a summer program that would provide lunch and other nutritional support when school is not in session and school lunch programs aren't available.

You can help by taking the BRIEF survey here:

<http://bit.ly/Food4LM>

It's only 8 questions and should take less than 3 minutes. Survey closes Jan. 25th

Thanks for your help!
