

A Perfect Cup of Hot Chocolate

By Sasha Romanski

You will need:

- one mug
- milk
- chocolate syrup
- mini marshmallows
- whipped cream

First, pour the milk in the mug until it fills about three quarters of a cup. Next, put it in the microwave on high for a minute and a half. When the milk is ready, add as much chocolate syrup as you like and stir. Last, add on as much marshmallows and whipped cream as you like. Enjoy!
