

Dear Family,

We are very excited about partnering with you as we implement Investigations 3!

Investigations 3 is a comprehensive, blended digital and print mathematics program designed to help your child achieve the mathematical proficiency levels reflected in the PA Core Math Standards providing the foundation for future math courses and beyond.

Investigations 3 is designed to engage students in making sense of mathematical ideas. Students are actively involved in using concrete and digital tools to develop deep mathematical understanding. They are working individually, in pairs, and in small groups to solve problems and share their thinking.

You and your child may access **Math Words and Ideas** as well as the **Games** in Investigations 3 by following the steps below:

- Go to the **District Elementary Family Resource Page**
<https://www.lmsd.org/parents/elem-resources>
- Scroll down and click on the **Pearson Realize link**.
- Enter your **child's district user name and password**.
- Click on **Pearson Realize** to the right.
- Click on **Classes**.
- The **E-text, Tools and Games** can be found on the right hand side of the page.
